

## Easter Themed Home Learning Project

At Christmas you may have seen the beautiful Angels that were placed around Wellington, a lovely idea organised by the local Church group.

The Angels are back for Easter and need your help.

They need to be decorated with Easter themed items that are weatherproof. These items can either be delivered to the school for Mr Mann to take to the village Church and place on an Angel, or you can visit the Church yourself and place your own item.

The Angels will be present from March 29<sup>th</sup> and remain in place over the Easter holidays. Let's make the ones at West Buckland the most cheerful! I look forward to seeing your creativity and our community spirit shine once again.
