

## Harvest Homework

As we can't have a Harvest assembly this year, I would like to celebrate it in a different way. I would like you to create a piece for our whole school Harvest display. This could be a poster, a painting, a poem, a collage. Perhaps you could record a song or piece of music, make a model, design a word search or cook and share a recipe.

As well as being creative indoors, don't forget to get out and about for an Autumnal walk. You could take some photos of nature and all the colours to create a scrap book or picture page.

All pieces of work will be displayed as part of our whole school Harvest display. This will be in place from October 19<sup>th</sup> until November 27<sup>th</sup> with entries accepted any time between these dates. Half term activities can also be included.

Your entry must be named – first name and class name please so we can return it to you afterwards. I look forward to seeing the range of work and your creativity.
