

# World Book Day Project

To help us feel together and celebrate our love of books I would like you to recreate your favourite book character using a toilet roll! Your design should be created using the cardboard tube or tubes in their original shape. The tubes can then be decorated using any materials you wish to represent your chosen book or character. You can then add accessories if you wish.

Your finished look-a-like should then be photographed and emailed to [office@wb.huish.education](mailto:office@wb.huish.education) by Thursday 4<sup>th</sup> March. On this day your creation should be displayed proudly in your window for all to see and enjoy.
