PRIMARY SCHOOL
AND NURSERY

West Buckland Primary School and Nursery

Electronic Devices Usage Policy

This policy refers to all electronic devices able to take pictures, record videos, send or receive calls and messages. This includes cameras, mobile telephones, tablets and any recording devices including smartwatches. More and more devices are technically, capable of connecting us to the outside world. We will adapt the policy to include all devices we deem necessary to safeguard children.

Mobile phones and other devices that accept calls, messages and video calls

At West Buckland Primary School and Nursery we promote the safety and welfare of all children in our care. We believe our staff should be completely attentive during their hours of working to ensure all children receive good quality care and education.

To ensure the safety and well-being of children we do not allow staff to use personal mobile phones, smartwatches and/or Fitbits during working hours.

We use mobile phones supplied by the School to provide a means of contact in certain circumstances, such as outings.

This policy should be used in conjunction with our online safety and acceptable IT use policies, to ensure children are kept safe when using the settings devices online.

Staff must adhere to the following:

- Mobile phones/smartwatches/Fitbits are either turned off or on silent and not accessed during your working hours.
- Mobile phones/smartwatches/Fitbits can only be used on a designated break and then this must be away from the children.
- Mobile phones/smartwatches/Fitbits should be stored safely in classroom cupboard, desk drawers or the staffroom at all times during the hours of your working day.
- No personal device is allowed to be connected to the Schools wifi at any time.
- The use of devices, such as tablets, must only be used for progress purposes.
- The School devices will not have any social media or messaging apps on them.
- Any apps downloaded onto Schools devices must be done only by the Trust IT department. This will ensure only age and content appropriate apps are accessible to staff, or children using them.
- Passwords/passcodes for School devices must not be shared or written down, and will be changed regularly.
- During outings, staff will use mobile phones belonging to the School wherever possible. Photographs must not be taken of the children on any personal phones or any other personal information storage device. Only School owned devices will be used to take photographs or film videos.
- School devices will not be taken home with staff and will remain secure at the setting when not in use. If a device is needed to be taken home due to unforeseen circumstances then the person taking this device home must ensure it is securely stored and not accessed by another other individual and returned to school as soon as practically possible.

Parents' and visitors' use of mobile phones and smartwatches

Whilst we recognise that there may be emergency situations which necessitate the use of a mobile telephone, in order to ensure the safety and welfare of children in our care and share information about the child's day. However, parents and visitors are kindly asked to refrain from using their mobile telephones whilst on the school site or when collecting or dropping off their children. If you are found to be using your phone inside the School premises you will be asked to finish the call or take the call outside.

We do this to ensure all children are safeguarded and the time for dropping off and picking up is a quality handover opportunity where we can share details about your child.

Parents are requested not to allow their child to wear or bring in devices that may take photographs or record videos or voices. This includes smart watches with these capabilities, such as Vtech. This ensures all children are safeguarded and also protects their property as it may get damaged or misplaced at the setting.

Photographs and videos

At West Buckland Primary School and Nursery we recognise that photographs and video recordings play a part in the life of the nursery. We ensure that any photographs or recordings (including CCTV) taken of children in our nursery are only done with prior written permission from each child's parent and only share photos with parents in a secure manner. We will obtain this permission when each child is registered and update it on a regular basis to ensure that this permission is still valid.

We ask for individual permissions for photographs and video recordings for a range of purposes including: use in the child's learning journey; for display purposes; for promotion materials including our nursery website, brochure and the local press; and for security in relation to CCTV and the different social media platforms we use. We ensure that parents understand that where their child is also on another child's photograph, but not as the primary person, that may be used in another child's learning journey. Photographs and videos will not be taken in areas where intimate care routines are carried out.

If a parent is not happy about one or more of these uses, we will respect their wishes and find alternative ways of recording their child's play or learning.

Staff are not permitted to take any photographs or recordings of a child on their own information storage devices e.g. cameras, mobiles, tablets or smartwatches and may only use those provided by the School. The Senior Leadership Team will monitor all photographs and recordings to ensure that the parents' wishes are met and children are safeguarded.

Photographs or videos recorded on School or Nursery mobile devices will be transferred to the correct storage device to ensure no images are left on these mobile devices.

Parents, and children, are not permitted to use any recording device or camera (including those on mobile phones or smartwatches) on the School premises without the prior consent of the manager.

During special events, e.g. Christmas or leaving parties, staff may produce group photographs to distribute to parents on request. In this case we will gain individual permission for each child before the event. This will ensure all photographs taken are in line with parental choice. We ask that photos of events such as Christmas parties are not posted on any social media websites/areas without permission from parents of all the children included in the picture.

At West Buckland Primary School and Nursery we use tablets in the classrooms to take photos of the children and record these directly on to their electronic learning journeys (such as Tapestry). We ensure that these devices are used for this purpose only and do not install applications such as social media or messaging sites on to these devices.

We also do routine checks to ensure that emails and text messages (where applicable) have not been sent from these devices and remind staff of the Whistleblowing policy if they observe staff not following these safeguarding procedures.
