West Buckland Primary School and Nursery

Social Media Policy

Social media is becoming a large part of the world we live in and as such at West Buckland Primary School and Nursery we need to make sure we protect our children by having procedures in place for safe use.

We use Facebook & Twitter to share pictures of the activities the children have accessed across the Nursery and school. In order to safeguard children we will:

- Ensure all children in the photographs or posts have the correct permissions in place from their parent / carer.
- Not allow others to post on our pages/accounts, i.e. only management can post on the page, only parents / family / carers who have been invited to join the group can view and comment on the posts.
- Monitor comments on all posts and address any concerns immediately.

Staff use of social media

We require our staff to be responsible and professional in their use of social networking sites in relation to any connection to the School, Nursery, staff, parents or children.

- When using social networking sites staff must:
 - Not name the setting they work at.
 - Not make comments relating to their work or post pictures in work uniform.
 - Not send private messages to any parents/family members.
 - If a parent ask questions relating to work via social networking sites, then staff should reply asking them to come into the setting or contact the office.
 - Ensure any posts reflect their professional role in the community (e.g. no inappropriate social event photos or inappropriate comments i.e. foul language).
 - Report any concerning comments or questions from parents to the manager/safeguarding lead.
 - Follow the staff behaviour policy.
 - Not post anything that could be construed to have any impact on the School or Trusts reputation or relate to the school or Trust any children are attending in any way.
 - Limit, if at all, interaction with our accounts linking to their personal profiles.
- If any of the above points are not followed then the member of staff involved will face disciplinary action, which could result in dismissal.

Parents and visitors' use of social networking

We promote the safety and welfare of all staff and children and therefore ask parents and visitors not to post, publically or privately, information about any child on social media sites such as Facebook, Instagram and Twitter. We ask all parents and visitors to follow this policy to ensure that information about children, images and information do not fall into the wrong hands.

We ask parents **not to**:

- Send friend requests to any member of staff.
- Screen shot or share any posts or pictures from the Nursery or School on social media platforms (these may contain other children in the pictures).
- Post any photographs to social media that have been supplied by the Nursery or School with other children in them (e.g. Christmas concert or leavers assembly photographs).

We ask parents to:

- Share any concerns regarding inappropriate use of social media through the official procedures.
