

EYFS & KS1 Summer Holiday Activities

At West Buckland Primary School & Nursery we recognise the summer holidays this year may not be as fun fill as usual and that you might not be able to visit certain destinations. As such we understand that the six weeks may seem like a very long time – so we have created this bank of ideas to fill any spare time you may have. These activities are optional and to be used to fill time if required. Of course, if you do create anything wonderful you can always bring it in to show when we return.

Maths related

Work out how much money you need for a recipe or shopping trip.

Use positional language to describe a walk or hunt.

Make a game and add up the score.

Learn and practice telling the time.

Writing related

Write a menu or shopping list.

Write a set of instructions.

Keep a diary.

Write up a science experiment.

Create a poster about something or someone.

Science focussed

Make a kite and fly it.

Parachute a variety of objects safely to the floor.

Try an experiment: Skittles in water, Coke & Mentos.

Make a rain catcher, record and measure the results.

Home related

Cook or bake something yummy!

Go fruit picking and make something from your collection.

Build a den.

Plan and grow a seed.

Active focussed

Go on a nature walk or scavenger hunt.

Make a natural collage.

Do some rubbing, sketching, junk modelling.

Star gaze.
