

KS2 Summer Holiday Activities

At West Buckland Primary School & Nursery we understand that six weeks may seem like a very long time – so we have created this bank of ideas to fill any spare time you may have. These activities are optional and are to be used to fill time if required. Of course, if you do create anything wonderful you can always bring it in to show when you return for a brand new school year in September.

Get Mathematical

- Continue to practice your basic skills of arithmetic by creating your own Fluent in Five calculations
- Do some practical maths: measuring, weighing, using money...

Get Writing

- Send your teacher a postcard from a place you have visited
- Write some free verse poetry (there are no rules); be creative with your vocabulary

Get Scientific

- Skittle experiment- arrange skittles on the outside of a plate add warm water & see what happens
- Regrow seeds from a fruit or vegetable
- Design a parachute that has the best air resistance

Get Busy At Home

- Try out a new recipe
- Practice your photography skills
- Practice your word processing skills
- Learn a new skill

Get Active

- Catching & throwing skills
- Sprints & shuttle runs
- Go on a ramble
- Swim (in the sea or at the pool)
