Administration of Medicine Policy

This policy operates within the Pupil Medication and Medical Conditions Policy and s our operation guidelines around the administration of medicines to our pupils.

Prescribed Medicines

- 1 Medicines should only be brought into school when essential; where it would be detrimental to a child's health if it were not administered during the school day.
- 2 Staff can only administer medicines prescribed by a doctor, dentist, nurse prescriber or pharmacist prescriber.
- 3 Medicines MUST be in the original container as dispensed by a pharmacist with the prescription label, including the child's name and the prescriber's instructions for administration.
- 4 Medicines that need to be taken three times a day could be taken in the morning, after school and at bedtime so do not need to be administered in school.
- 5 Medicines that need to be taken four times a day can be administered once during the school day and must be spaced as evenly as possible over a 24 hour period.
- 6 Medication such as paracetamol or aspirin cannot be administered by staff unless prescribed.

Children with Asthma

- 1 Children who have inhalers should have them available where necessary.
- 2 Inhalers are kept in a safe, accessible place, usually within the classroom. Children in Key Stage Two will be expected to take responsibility for their own inhaler.
- 3 If necessary, they should be taken to all physical activities.
- 4 Inhalers must be labelled with the child's name and guidelines of administration.

It is the responsibility of the parent/carer to regularly check the condition of inhalers and ensure that they are in working order and have not run out or expired. No other inhaler other than the blue Ventolin inhaler is to be administered in school.

Allergies

Children who have severe allergies and need EpiPen medication, such as a nut allergy, will have their medication close to hand at all times.

- 1 The EpiPen will be the responsibility of the teacher/teaching assistant within their classroom.
- 2 Designated staff will take the medication into the playground at break times and lunchtimes where necessary.
- 3 All staff will be made aware of the identity of children who suffer from anaphylaxis and where their medication is stored.

Non-prescribed medicines

- 1 We are unable to administer medicines that have not been prescribed by a doctor, dentist, nurse prescriber or pharmacist prescriber.
- 2 Parents/carers are welcome to come into school to administer these medicines to their child.

Storage of prescribed medicines

- 1 All medicines should be delivered to the office by the parent/carer. Under no circumstances should medicines be left in a child's possession.
- 2 The parent/carer must fill in an administering medicines form giving staff written permission to give the correct dose.
- 3 All medicines must be stored according to dispenser's instructions with the name of the child clearly marked.
- 4 Medicines will usually be kept in the fridge in the first aid fridge in the kitchen.
- 5 All emergency medicines, such as inhalers or EpiPens, must be readily available to children and staff and kept in an agreed place in the classroom.
- 6 Children may carry their own inhalers where appropriate.

Disposal of medicines

- 1 Staff should not dispose of medicines.
- 2 Parents are responsible for making sure that date-expired medicines are returned to the pharmacy for safe disposal.
- 3 Parents should collect medicines at the end of the agreed administration time period.

Trips and outings

Children with medical needs are given the same opportunities as other children at West Buckland Primary School & Nursery. Staff may need to consider what reasonable adjustments they might make to enable children with medical needs to participate fully and safely on visits.

- 1 Risk assessments may be carried out before a trip.
- 2 One member of staff will be nominated to have responsibility for the administration of medication.

Roles and responsibilities

Parent/carer

- 1 Should give sufficient information about their child's medical needs if treatment or special care is required.
- 2 Must deliver all medicines to the office.
- 3 Must complete and sign the parental agreement form.
- 4 Must keep staff informed of changes to prescribed medicines.
- 5 Keep medicines in date – particularly emergency medication such as EpiPens.

Headteacher

- 1 To ensure that this policy is implemented.
- 2 To ensure there are members of staff available to administer medicines to specific pupils as required.
- 3 To ensure staff receive support and appropriate training as necessary.
- 4 To share information, as appropriate, about a child's medical needs.
- 5 To ensure that parents/carers are aware of our medicine administration policy.
- 6 To ensure that medicines are stored correctly.
- 7 *In exceptional circumstances other medicine such as Calpol may be required (eg. healing of a broken finger) which only the Headteacher, following discussion with then parent(s), can authorise and approve.*

Staff

- 1 To check details are accurate and clear on prescription labels.
- 2 To ensure that the parent/carer completes a consent form for the administration of medicines.
- 3 To complete the administration of medicines record sheet each time medicine is given.

- 4 To act as a witness when another member of staff is preparing and administering the medicine.
- 5 To ensure medicines are returned to parent/carer at the end of the school day.
- 6 To ensure medicines are returned to parent/carer for disposal.

If a child refuses to take medicines staff will not force them to do so, but will note this in the records and inform parents as soon as is reasonably possible.

Record keeping

Medicine should be provided in the original container. A parental agreement form should be completed and signed by parent/carer before medicines can be administered.

Long term medical needs

It is important that school has adequate information about long term medical conditions. A health care plan may be drawn up, involving parents and other health care professionals.

Confidentiality

The Headteacher and staff should always treat medical information confidentially. The head should agree with the parent/carer who else should have access to records and other information about a child.

Staff training

Staff with responsibility for administering medicines will have appropriate training to be able to carry out the role responsibly.

Monitoring

The Headteacher has overall accountability for this policy its content and its implementation. The Governing body will review this policy annually.
